**Building Better Boards** is a hands-on, practical workshop that will provide the legal, theoretical and practical background for developing or re-tooling an effective board for your organization. In this workshop participants will create their own customized toolkits that are immediately useful to their organizations through role-play exercises, small group activities and real life case studies. Designed to be most effective when attended by board members and directors, this workshop is priced to make it more even more effective when two or more persons attend. (Contact AAAM Exec. Director to register (3) or more.)

Wednesday, August 19 • 9:00 a.m. – 3:00 p.m.

**\$ 75** (Includes lunch & materials. Space is limited, register early!)

This community-based workshop will focus on and take place in the historically African American neighborhood of Old South Baton Rouge. An introductory discussion to the historic community tour will examine obstacles that have prevented African American communities from preserving their histories and built environment, including urban renewal, gentrification, desegregation, great migration, race riots as well as more recent challenges. Co-sponsored and supported by the National Trust for Historic Preservation, the Louisiana Trust for Historic Preservation, and the Foundation for Historical Louisiana.
